Ville Korhonen

Junior Software Developer, career changer

+358 44 555 1212 ville.korhonen@example.fi Helsinki, Finland github.com/vkorhonen

PROFILE

Ten years as a restaurant shift manager, now retrained as a software developer. I finished a software development programme in autumn 2026. I bring experience of working under pressure and seeing things from the customer's side.

SKILLS

Software development
JavaScript, React, Node.js and SQL. Three finished projects on GitHub, including a table booking system for a restaurant.

Leading a team
Shift manager for a team of 12: rotas, training and daily planning.

Understanding customers
Collecting feedback and changing how we worked because of it.
